

# GENITAL BLEACHING

## VAGINAL BLEACHING

This is a cosmetic procedure that aims to reverse skin darkening around the vaginal area such as labia.

## ANAL BLEACHING

Anal Bleaching is a cosmetic treatment that improves the appearance of a person's anal area by giving it a refreshed look.

## BENEFITS

Discoloration of the genital areas such as the vulva, perineal area, anal area can have negative effects on a persons life, hence genital bleaching will provide a number of benefits:

### **DIMINISHES HYPER-PIGMENTATION**

The skin naturally produces melanin which causes discoloration, hence genital bleaching will diminish hyper-pigmentation.

### **IMPROVES SKIN TEXTURE**

Genital bleaching will not only change the color of the area but also improve its texture.

### **BOOST SELF-ESTEEM**

By bleaching the vaginal area, you'll boost your self esteem and feel more confident.

### **REDUCES SCARING**

By preventing the skin from getting regularly getting damaged from constant sweat, shaving or friction, genital bleaching will reduce scarring.

## ARE YOU A CANDIDATE?

You are a candidate for genital bleaching if any of the following apply to you:

- ✓ You desire to have visually pleasing skin.
- ✓ You are self-conscious about your genital area.
- ✓ You can't wear certain pieces of clothing.
